FEMININE. BUBBLY. A LITTLE EXTRA.

Baeristas

YOUR DAILY *little crush.*

A pink-and-blue fashion crush for Portland’s personality-led coffee stop.

THE NEW DIRECTION

BIG PERSONALITY.

Soft, bubbly energy.

A Y2K women’s fashion mood: rounded script, bold italic type, sticker outlines, hearts, and a little star power. Keep the attitude playful and the palette disciplined.

01 / FEMININE

Plump & playful

Soft corners, buoyant script lettering, and a confidently pink point of view.

02 / FASHION

A little extra

White outlines and blue offset shadows turn key words into sticker-like signatures.

03 / COHESION

Less color. More identity.

Three colors repeat everywhere. Every graphic earns its place.

Preview first: use original vector cups and graphics now. Approved company photography can replace illustrations in the real build.

THREE BRAND COLORS + WHITE

KEEP THE COLOR STORY

sweet & simple.

Hot pink

#F72796

Logo / large accents

Baby pink

#F7BEDD

Main soft surface

Blue

#07569B

All text / buttons

White

#FFFFFF

Space / outlines

Use blue for body text, navigation, and buttons. White on blue and blue on baby pink pass normal-text contrast. Hot pink is a graphic accent and logotype color; keep small text blue.

THE SIGNATURE

Baeristas

PRIMARY / WHITE EDGE + BLUE OFFSET

Baeristas

FLAT / HOT PINK ON WHITE

Baeristas

REVERSE / WHITE ON BLUE

Proposed wordmark, based on Lobster Two Bold Italic. Clear space: one lowercase “a” height. Minimum width: 150 px / 38 mm. Keep the supplied proportions and outline-to-shadow relationship.

TWO FAMILIES. DISTINCT ROLES.

CONFIDENT TYPE.
Bubbly curves.

DM SANS

BLACK / 900

Short, bold, tightly spaced headlines. Italic in the website for a sporty Y2K fashion feel.

BODY / 400 + 600

Lobster Two

BOLD ITALIC / 700

The signature script. Use for the wordmark and one expressive phrase per section. Never for addresses, body copy, or small labels.

Mobile scale: 36–47 px bold hero + 59–78 px script; 40 px section titles; 14–16 px body; 14–15 px actions. Adjust to fit the screen without squeezing words. Use generous line-height for practical copy.

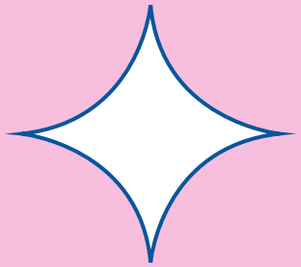

THE STICKER DRAWER

A LITTLE SPARKLE.
A lot of restraint.

01 / HEART

Use one heart or sparkle per composition. Avoid dense decorative scatter.

02 / FOUR-POINT SPARKLE

Blue edges unify the system. White outlines keep graphics crisp.

03 / CAPSULE STICKER

Round corners, thin blue rules, and a small blue offset make every piece feel related.

THE WORDS MATCH THE LOOK

BUBBLY. CONFIDENT. *A little flirty.*

YOUR DAILY

little crush.

Too cute to skip.

Graphic statement

Cute cup. Big energy.

Small sticker / social moment

Find your stand.

Keep the useful action plain

Use short, original lines with a wink. Keep directions, hours, ingredients, and location details straightforward. No invented testimonials, recipes, employee biographies, or operational claims.

THE FIRST SCREEN IS THE CAMPAIGN

MADE FOR THE *phone crush.*

01 / ONE COMPLETE OPENING

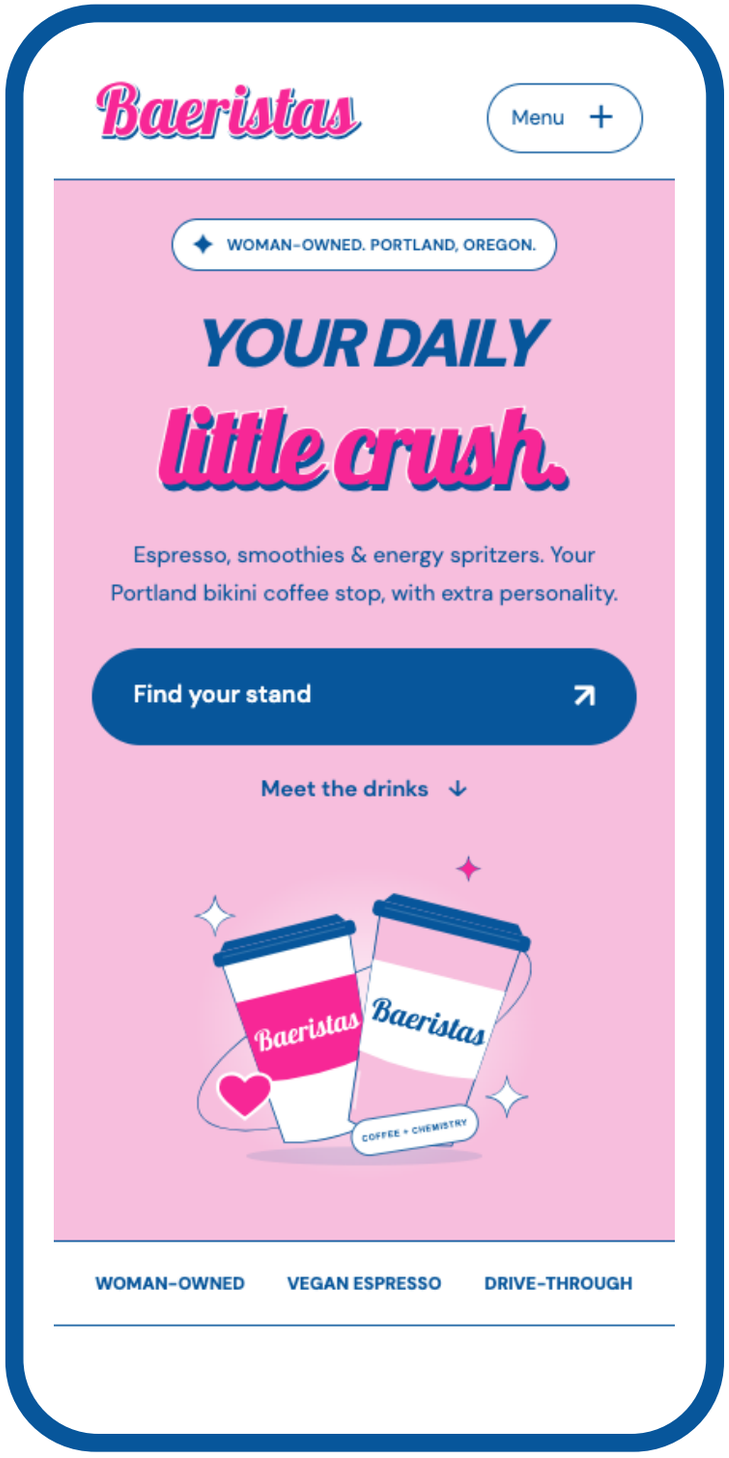

Readable brand copy and a full-width visit action appear before the artwork, with no giant headline taking over.

02 / THUMB-FRIENDLY ACTIONS

Larger action labels, a clear mobile menu, and useful addresses. The visit bar stays clear of the hero, locations and footer.

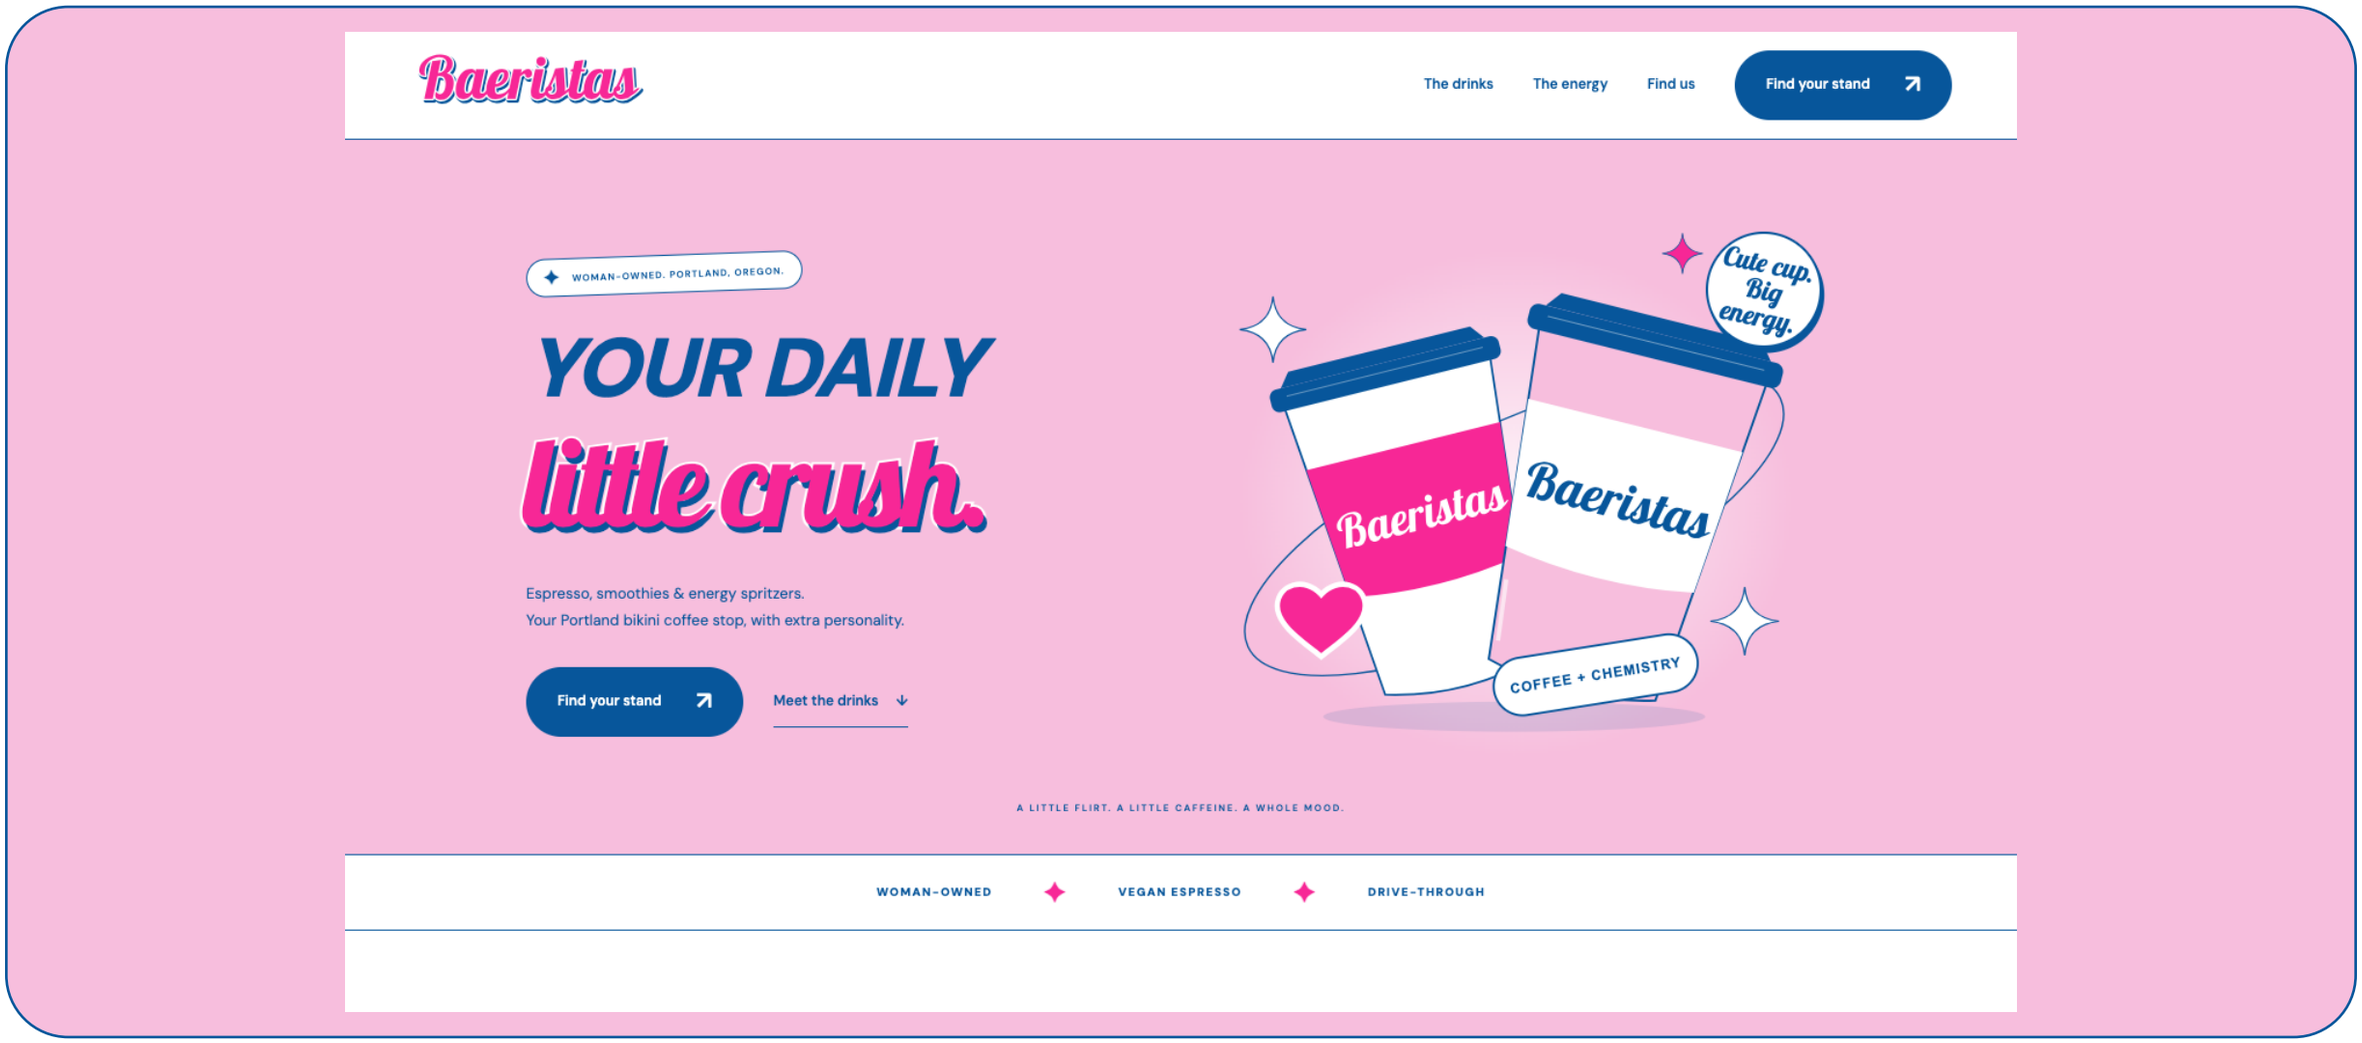

03 / SHORTER, RICHER SCROLLING

Compact drink cards, a strong graphic story moment, and immediately usable location cards.

SAME IDENTITY. MORE ROOM.

ONE DESIGN LANGUAGE.

Desktop expands the hero into a two-column campaign composition. The same colors, lettering, cup artwork, rounded controls, and sticker details remain intact.

A BRAND YOU CAN HOLD

CUTE CUP. *Big energy.*

01 / PINK SLEEVE

02 / BLUE SLEEVE

Original concept illustrations. Production dimensions, inks, materials and dielines require supplier proofs.
